## UNITED STATES CRUISERS FILL VACANT BERTHS AT WHARVES

**Hongkong Maru Will Take On Coal From Foot of Fort Street. Skipper of South Dakota Picked at Assignment of Hackfeld Wharf and Elects to Remain Outside—Sheridan Due Tomorrow—Navajo Sailed for San Francisco at Four O'Clock Yesterday Afternoon.**

In the assignment of Hackfeld wharf to the United States protected cruiser South Dakota, by Harbormaster Foster this morning, the skipper of that war vessel is understood to have become much peeved at the berth and thereupon refused to bring his vessel inside the harbor.

The South Dakota continues to ride at anchor at the quarantine ground while four vessels of the Pacific fleet are now distributed to the various available wharves.

Captain Foster, harbormaster for the port of Honolulu forwarded a letter to Admiral Thomas which was to the effect that vacant berths for all vessels of his command were now available. The admiral passed the word along the line and the California, Colorado, Maryland and West Virginia are berthed at the wharves. Hackfeld wharf is said to have been considered too far away from the maddening whirl of society to suit the fancy of the skipper of the South Dakota who curtly informed the Territorial officials that he would not enter the harbor. If assigned this particular wharf, the Japanese steamer Hongkong Maru is to be berthed at the foot of Fort street and will probably remain here until Saturday. When this vessel takes her departure, there is a possibility that the South Dakota captain may be induced to bring his command alongside this wharf.

The Colorado was brought to the Richards street wharf this morning.

**Nippon Maru Nearing the Port.**  
The Japanese liner Nippon Maru from Hongkong and Japan ports is nearing Honolulu and according to a late wireless received at the agency of Castle and Cooke, that vessel should arrive off the quarantine on or about five o'clock this evening. Unless the Japanese steamer shows up in time to warrant a general inspection of passengers and crew by the Federal quarantine officials, the Nippon Maru will be held outside until tomorrow morning. Dr. Ramus and his staff will not attempt to pass the vessel unless the work of inspection can be conducted before sunset. The Nippon Maru is expected to be dispatched for San Francisco at nine o'clock tomorrow morning. This vessel will be given a consignment of mail destined for the mainland.

**Sierra Bringing Less Than One Hundred Passengers.**  
There is a rather small list of cabin and stowage passengers in the Oceanic steamship Sierra that is steaming from San Francisco and in the direction of Honolulu and due to arrive at this port early Friday morning. A wireless received at the agency of C. Brewer and Company last evening was to the effect that the Sierra was 518 miles off the port at eight o'clock last night, bringing 76 cabin, 13 stowage passengers also 3251 tons general cargo, 102 sacks of later mainland mail and a quantity of Wells Fargo express matter.

The Sierra will come alongside the Oceanic wharf before eight o'clock Friday morning according to the calculations of the agents.

**Navajo Sailed Yesterday Afternoon.**  
As announced in the Bulletin, the American steamer Navajo sailed from Honolulu at four o'clock yesterday afternoon, with destination as San Francisco. The Navajo was shifted to the quarantine wharf and after receiving fumigation was dispatched for the coast through the agency of C. Brewer and Company.

The Navajo brought a shipment of structural steel and iron for Pearl Harbor construction work. Captain Ahlin called at the customs early yesterday afternoon to clear his vessel for San Francisco, though it is believed here that he will eventually proceed with his command to Cores Island, where a party of treasure seekers are to be picked up and returned to the mainland.

**Chinese Refugees Crowd Steamers.**  
Vessels leaving Hongkong for Europe and the United States are crowded with refugees from the Chinese Empire, who being obliged to leave the country are taking advantage of the internal troubles to make a trip to foreign lands, confident that the present internal strife will not be ended for many months, or possibly years.

Those desiring passage to England or the United States are warned to book in advance, as the vessels are being filled with fleeing refugees, according to Manila advices.

**Naval Freighter Glacier Shifted.**  
The United States naval supply ship Glacier was shifted from her berth at the foot of Fort street today, to make room for the Toyo Kisen Kaisha liner Hongkong Maru which has arrived from China and Japan ports, and will remain here sufficient time to take on seven hundred and fifty tons of coal, before departure for Central and South American ports. The Glacier has been given a berth at the Hackfeld wharf, which was refused by the skipper of the South Dakota.

**Sierra Report.**  
The following wireless message has been received by the Agents from the O. S. S. Co.'s S. S. Sierra bound for Honolulu:

S. S. Sierra, at Sea, Jan. 10, 1912, 8 p. m.—518 miles from port, 76 cabin passengers, 13 stowage passengers, 3251 tons general cargo, 102 sacks mail and Wells Fargo Express matter.

Will arrive early Friday morning and dock at Oceanic wharf, foot of Fort street.

**Japanese War Vessels Cruising Pacific**  
The two Japanese cruisers Aso and Soya, which were reported by officers in the Canadian-Australian liner Zealandia as calling at Fanning Island, are to visit Manila, Philippine Islands, on or about the first of March according to reports received in this city.

The object of the cruise is to give the young midshipmen an opportunity for practical seamanship and experience in visiting various ports.

**Transport Sheridan to Matson Wharf.**  
The United States army transport Sheridan from San Francisco will be berthed at the old Matson or Brewer wharf on arrival tomorrow morning. This vessel may be given a small consignment of coal. The Sheridan is understood as bringing down a shipment of supplies intended for the local quartermaster department.

**From Conductor to Customs.**  
Benjamin Wright, one of the oldest men in the employ of the Honolulu Rapid Transit Company, in the capacity of conductor, has severed his connection with the transportation company and today donned the uniform of a customs inspector. Mr. Wright enters the service as night inspector and takes the place vacated by James Dodd, who has gone up the ladder of promotion to the ranks of day inspector. The resignation of W. F. Stacey some days ago created a vacancy for which Dodd easily qualified. J. W.

# BIG MILITARY PARADE WILL BE MORNING FEATURE FEB. 22

As the result of a conference yesterday afternoon between Brigadier General M. M. Macomb, commanding the department of Hawaii, and Director-General Arthur Wall, of the 1912 Floral Parade, plans for the biggest military parade ever seen in Honolulu were given out yesterday afternoon from department headquarters.

Director Wall has been working on the plans for some time, having been assured previously that the military authorities would look favorably upon a military parade here on the morning of February 22 in celebration of Washington's birthday. The conference with General Macomb came to a successful conclusion late in the afternoon and already the plans are maturing rapidly.

It was with the idea of the big military demonstration in mind that Director Wall postponed the Floral Parade from morning until afternoon. As it is now, Honolulu will have two great pageants on Floral Parade day.

besides the big Japanese procession at night.

It will be the biggest Floral Parade day Honolulu has ever had, and the addition of the military procession to the day's festivities makes up a program with the following main features:

February 21, evening—Production of opera "Pinafore" and water carnival, Honolulu Harbor.

February 22, morning—Military parade.

February 22, morning—A. A. U. sports.

February 22, afternoon—Floral Parade and battle of flowers.

February 22, evening—Japanese parade.

The exact details of the big military parade are still to be worked out. Col. Wilder or Col. Rogers of the Second Infantry may command. It will probably start at 9 o'clock in the morning at Beretania and Nuuanu. Men from all of the forts and posts will be in line.

# MORE AUTOS ARE WANTED IN LINE ANDREWS MAN KOREANS AFTER

Decorations for the streets and more autos in line are the two things on which the energies of the Floral Parade management will be concentrated for the next few weeks.

Director Arthur Wall has named Walter Coombs chairman of the committee on street decorations, and Mr. Coombs will begin at once calling upon the merchants and business houses and arranging for decorating Honolulu during Floral Parade week as it has never before been decorated.

The committee on decorated autos is holding an informal meeting this afternoon to hear reports of progress and discuss a number of plans. The success of this division of the parade, considered in many ways the most important division of all, depends more than anything else upon the help of the auto owners of the city. To the credit of many, he it said, they are coming forward and volunteering to decorate their cars. Director Wall urges that all who intend decorating their cars communicate at once with members of the committee, of which J. D. Dougherty is chairman.

Slander suits amounting to \$50,000 are to be filed in the circuit courts within the next few days, according to inside information, centering around the suicide of Victor H. Nghee, editor of the Korean paper, some time ago and the charges of graft involving Nghee and Attorney Lorrin Andrews, that are said to have been made against the dead man by members of the Korean society.

Three suits are being brought by the Korean society through its attorney Lorrin Andrews, ostensibly to clear Chillyang Cheung, the present president, but in reality to clear the name of the late Nghee.

The trouble started over an effort made by the Koreans here to raise a fund to fight an immigration case out in the mainland courts. The money was raised and then the trouble arose as to getting an attorney to fight the matter out in courts. Nghee was delegated to select an attorney and took up the matter with Andrews. The negotiations dragged on for some time owing to the fact that Andrews said he had so much work in front of him here that he could not see his way clear to taking the new business. The matter was being talked over during the time the Cederloft murder trial was in progress but nothing definite was arrived at.

Then discussion arose in the Korean ranks and charges were made that the fund to help their brethren was in the hands of "white and yellow thieves." This is supposed to have been written by C. H. Young against whom one of the suits is directed. The other two suits are against Nee N. Su, former president of the society, who it is alleged wrote that the present president of the society had taken the fund and skipped with it, and against a Korean minister who is supposed to have written letters backing up the slanderous statements.

According to President Cheung, at the indignation meeting held recently C. H. Young made the following statement:

"The bad C. H. Young has been taught by the good C. H. Young these things: First—I spotted the Mexican matter for selfish motives. I wrote the letter about white and yellow thieves. This was a sin. I know it was wrong. I spoke to Sin Hong Kim telling him Cheung and Nghee were asking a commission from the lawyers. I was wrong in all these matters. I hope every Korean will excuse me and forgive me."

# OPIMUM SMUGGLER GETS A MONTH

Before Judge Dole in the Federal Court this morning Chin Leong Ching, who recently pleaded guilty to a charge of smuggling opium, came up for sentence. He was defended by Attorney Charles Chillingworth.

The defense made a plea for mercy on the grounds that Ching had fallen on hard times and that the chance of making a little money had proved too much for him and he had fallen.

Judge Dole sentenced him to one month's imprisonment with \$38 costs.

# POLICE MAY HAVE TO CHASE RABBITS NOW

Whatever else the supervisors, as a board, may not have no one can accuse them of being lack in humor.

Reports sent in to the board of agriculture and forestry as to the spread of rabbits throughout the island led to a warning being issued through the press and the matter being referred to the board of supervisors.

Land Commissioner Charles S. Judd is in receipt of a letter this morning advising him that the matter came up at the meeting of the supervisors and has been referred to the police committee.

Visions of Sheriff Jarrett's lonesome force of six policemen using their spare time in running down rabbits fitted through the commissioner's mind when he read the letter. He is now waiting to hear what the police committee proposes to do.

# SENATOR JUDD AND HIS SUMMER TRIP EAST

Senator A. E. Judd said this morning that he intends to be present at the fifteenth anniversary of the graduation of his class at Yale. Five members of that class are in Honolulu. They include two Judds, the senator and the doctor, one of the Coolers, Dr. Baldwin and C. R. Hemenway. Senator Judd also says that he hopes to attend the Republican National convention, but he will not turn his hand over to be elected as one of the delegates from Hawaii, though of course he would not refuse the honor and responsibility. Meanwhile the senator goes to Molokai the latter part of the month for a real long vacation.

# DOLE SITS IN MAHUKA CASE

(Continued from Page 1)

ter, having been brought out when the matter came before Judge Robertson. At that time separate trials were then refused, however, owing to the fact, no titles to the lands in question were shown, the judge holding that until this was done the cases must all be heard as one.

What will be done with this matter now remains to be decided by the court.

**Dole's Position.**  
When the case came before the court this morning Judge Dole said that he found he was clearly disqualified to sit but that he had written the attorney general asking what was to be done in the matter and whether Wickensham wished Mrs. Dole's shares to be sold and the disqualification removed or whether he wished to send another judge down.

United States District Attorney Robert W. Breckons stated that he wished the matter of the disqualification entered as a record of the court and quoted from the statute covering the matter. At the same time he stated that he would like the defendants to enter into this matter with him.

Attorney Wilder said that although Judge Dole might be disqualified from sitting on the matter of E. O. Hall & Son, he did not think that he would be disqualified from sitting on the other cases. For his part he certainly wanted a separate trial and he believed that the other defendants also did.

Attorney Breckons objected to this on the ground that if Judge Dole tried some of the cases and not E. O. Hall & Son he would set a precedent for any other judge who might be sent to hear that case and that in the opinion of the supreme court he would have practically decided E. O. Hall & Son's case also.

Attorney Anderson objected against any record of disqualification being entered as Judge Dole might only be unable to try the case temporarily. He suggested that the matter go over for a couple of weeks while the attorney general was again communicated with.

Attorney Stanley took the ground that although Judge Dole might be disqualified in the Hall case he was not disqualified in any of the others and that further no other judge could try the matter. Further there was no possible way in which the other cases could be brought under the jurisdiction of a judge sent down from the coast. He also wants separate trials. When the first denunciations had been upheld the district attorney had been ordered to file a map and at the time Judge Robertson had intimated that if the titles were all clearly shown then separate trials could be granted. The district attorney with his usual inborn cunning had filed the map but had not shown the titles.

**Case to Be Pushed.**  
Attorney Breckons brought out the fact that the government wanted the matter pushed through with the utmost expediency. The matter of the disqualification of a judge he did not think could come under the head of jurisdiction and was one which the attorneys could settle amongst themselves. He would make the offer to the defending counsel that they take this course and agree to Judge Dole trying the case.

Attorney Anderson stated that he did not get the same idea on the matter as Breckons and that he did not think things could be arranged between counsel.

Attorney Breckons in reply stated that anyway the matter was not one for the attorney general to decide, as it lay with Judge Dole. The attorney general could not give any orders as to whether Mrs. Dole should sell her shares or not. If Judge Dole said that Mrs. Dole's interest in the property in question would make her an interested party then he was disqualified but the attorney general or no one else could settle it one way or the other.

Following this, Judge Dole then made the statement published above, that Mrs. Dole would sell her shares and that he would try the case.

If a man thinks before he speaks some woman will beat him to it.

A long headed man is seldom headlong.

At the annual meeting of the members of Kwong Yee Society, held at its hall on December 15, 1911, the following officers were duly elected to serve for the ensuing year:

President, Yuen Mun; vice-president, Chung Lam; secretary, W. Au Wen; assistant secretary, Leong Kwong; treasurer, Ching Cheong; assistant treasurer, Lee Fong Lin; auditor, Leong Tul; assistant auditor, Au Joy Hing.
